Re: Albion-Sheridan Township Landfill Site
Albion, Michigan

Our initial attempt to contact Mr. Gill was thwarted by the fact that he is in Florida, apparently having gone there some time during the winter. The Post Office did not disclose a forwarding address. Decker is contacting neighbors and others in an attempt to find out where he is, and when he will be back.

We also haven't received any response from Cooper/Corning to the letter requesting information about the use of the property and the prior contacts with the owners.

Efforts have been made to arrive at accurate legal descriptions of the property, and progress is being made, although it is not yet complete.

We have not yet received a copy of the Woodward-Clyde fax that Jon Peterson received on March 17, 1997. He said it outlined what land rights Cooper/Corning thought would be needed. It was Decker's understanding that Jon would be sending that document. Please check on its status, if you would.

If you have any questions, please let me know.

Yours very truly,

BULLEN, MOILANEN,
KLAASEN & SWAN, P.C.
